THE ALL STAR DIFFERENCE

Experience the chains can't send

All Star was started after watching national chains send inexperienced technicians out to guess, take shortcuts and apply the same cookie-cutter treatment to every home.

Here, your home is inspected and treated by a state-certified applicator with more than 30 years in the field. We identify the pest, find the source and treat the cause.

One truck. One owner. Every visit.

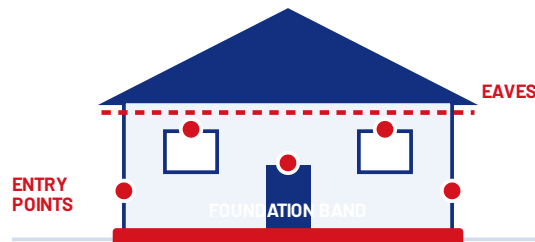

No mandatory contracts

You stay because the service works, not because of fine print.

HOW SERVICE WORKS

Thorough the first time, steady after that

- 1 Inspect**
Inside and out, to identify what you have and where it is coming from.
- 2 Initial service**
A detailed treatment that targets active pests and the places they hide.
- 3 Exterior protection**
A protective band at the foundation, entry points and eaves, plus web and nest removal.
- 4 Scheduled follow-up**
Regular exterior service keeps pests out through every season.

How you can help

Keep mulch and firewood away from the foundation, fix leaky spigots and seal gaps around doors. We point out trouble spots at every visit.
